

An introduction of:

Global Shipping Agencies

Central America:
Guatemala, El Salvador, Honduras,
Costa Rica, Nicaragua

Panama

Colombia

The Global Group Background

Global was founded 20 years ago by executives from Sea-Land Service with extensive experience in Latin America. Now Global is the region's largest network of independent liner agencies with over 200 employees covering Central America, Panama and Colombia. Diversified activities include liner cargo agencies, sales and marketing, port and vessel services, customs brokerage, logistic services and cargo consolidation. Global's clients (past and present) include Dole Ocean Cargo Express (DOCE), CSAV, Hyundai Merchant Marine (HMM), CCNI, Evergreen, Hanjin Shipping (HJS), Inchcape, and Norton-Lilly.

Each country is developed with local partners who bring local resources and expertise to the agency activities. More than 20 different entities cover these 8 countries (including USA) at 22 different office locations, and all are tied together through co-ownership and management from the Global Group principals.

The distinctive strengths of the Global organization are Experience and Reliability. Global owners and key managers have extensive liner industry Experience. The nine senior managers alone comprise over 240 years of industry experience. Our Reliability comes from the consistent and professional management practices followed across our entire network, including great attention to frequent and thorough communications.
